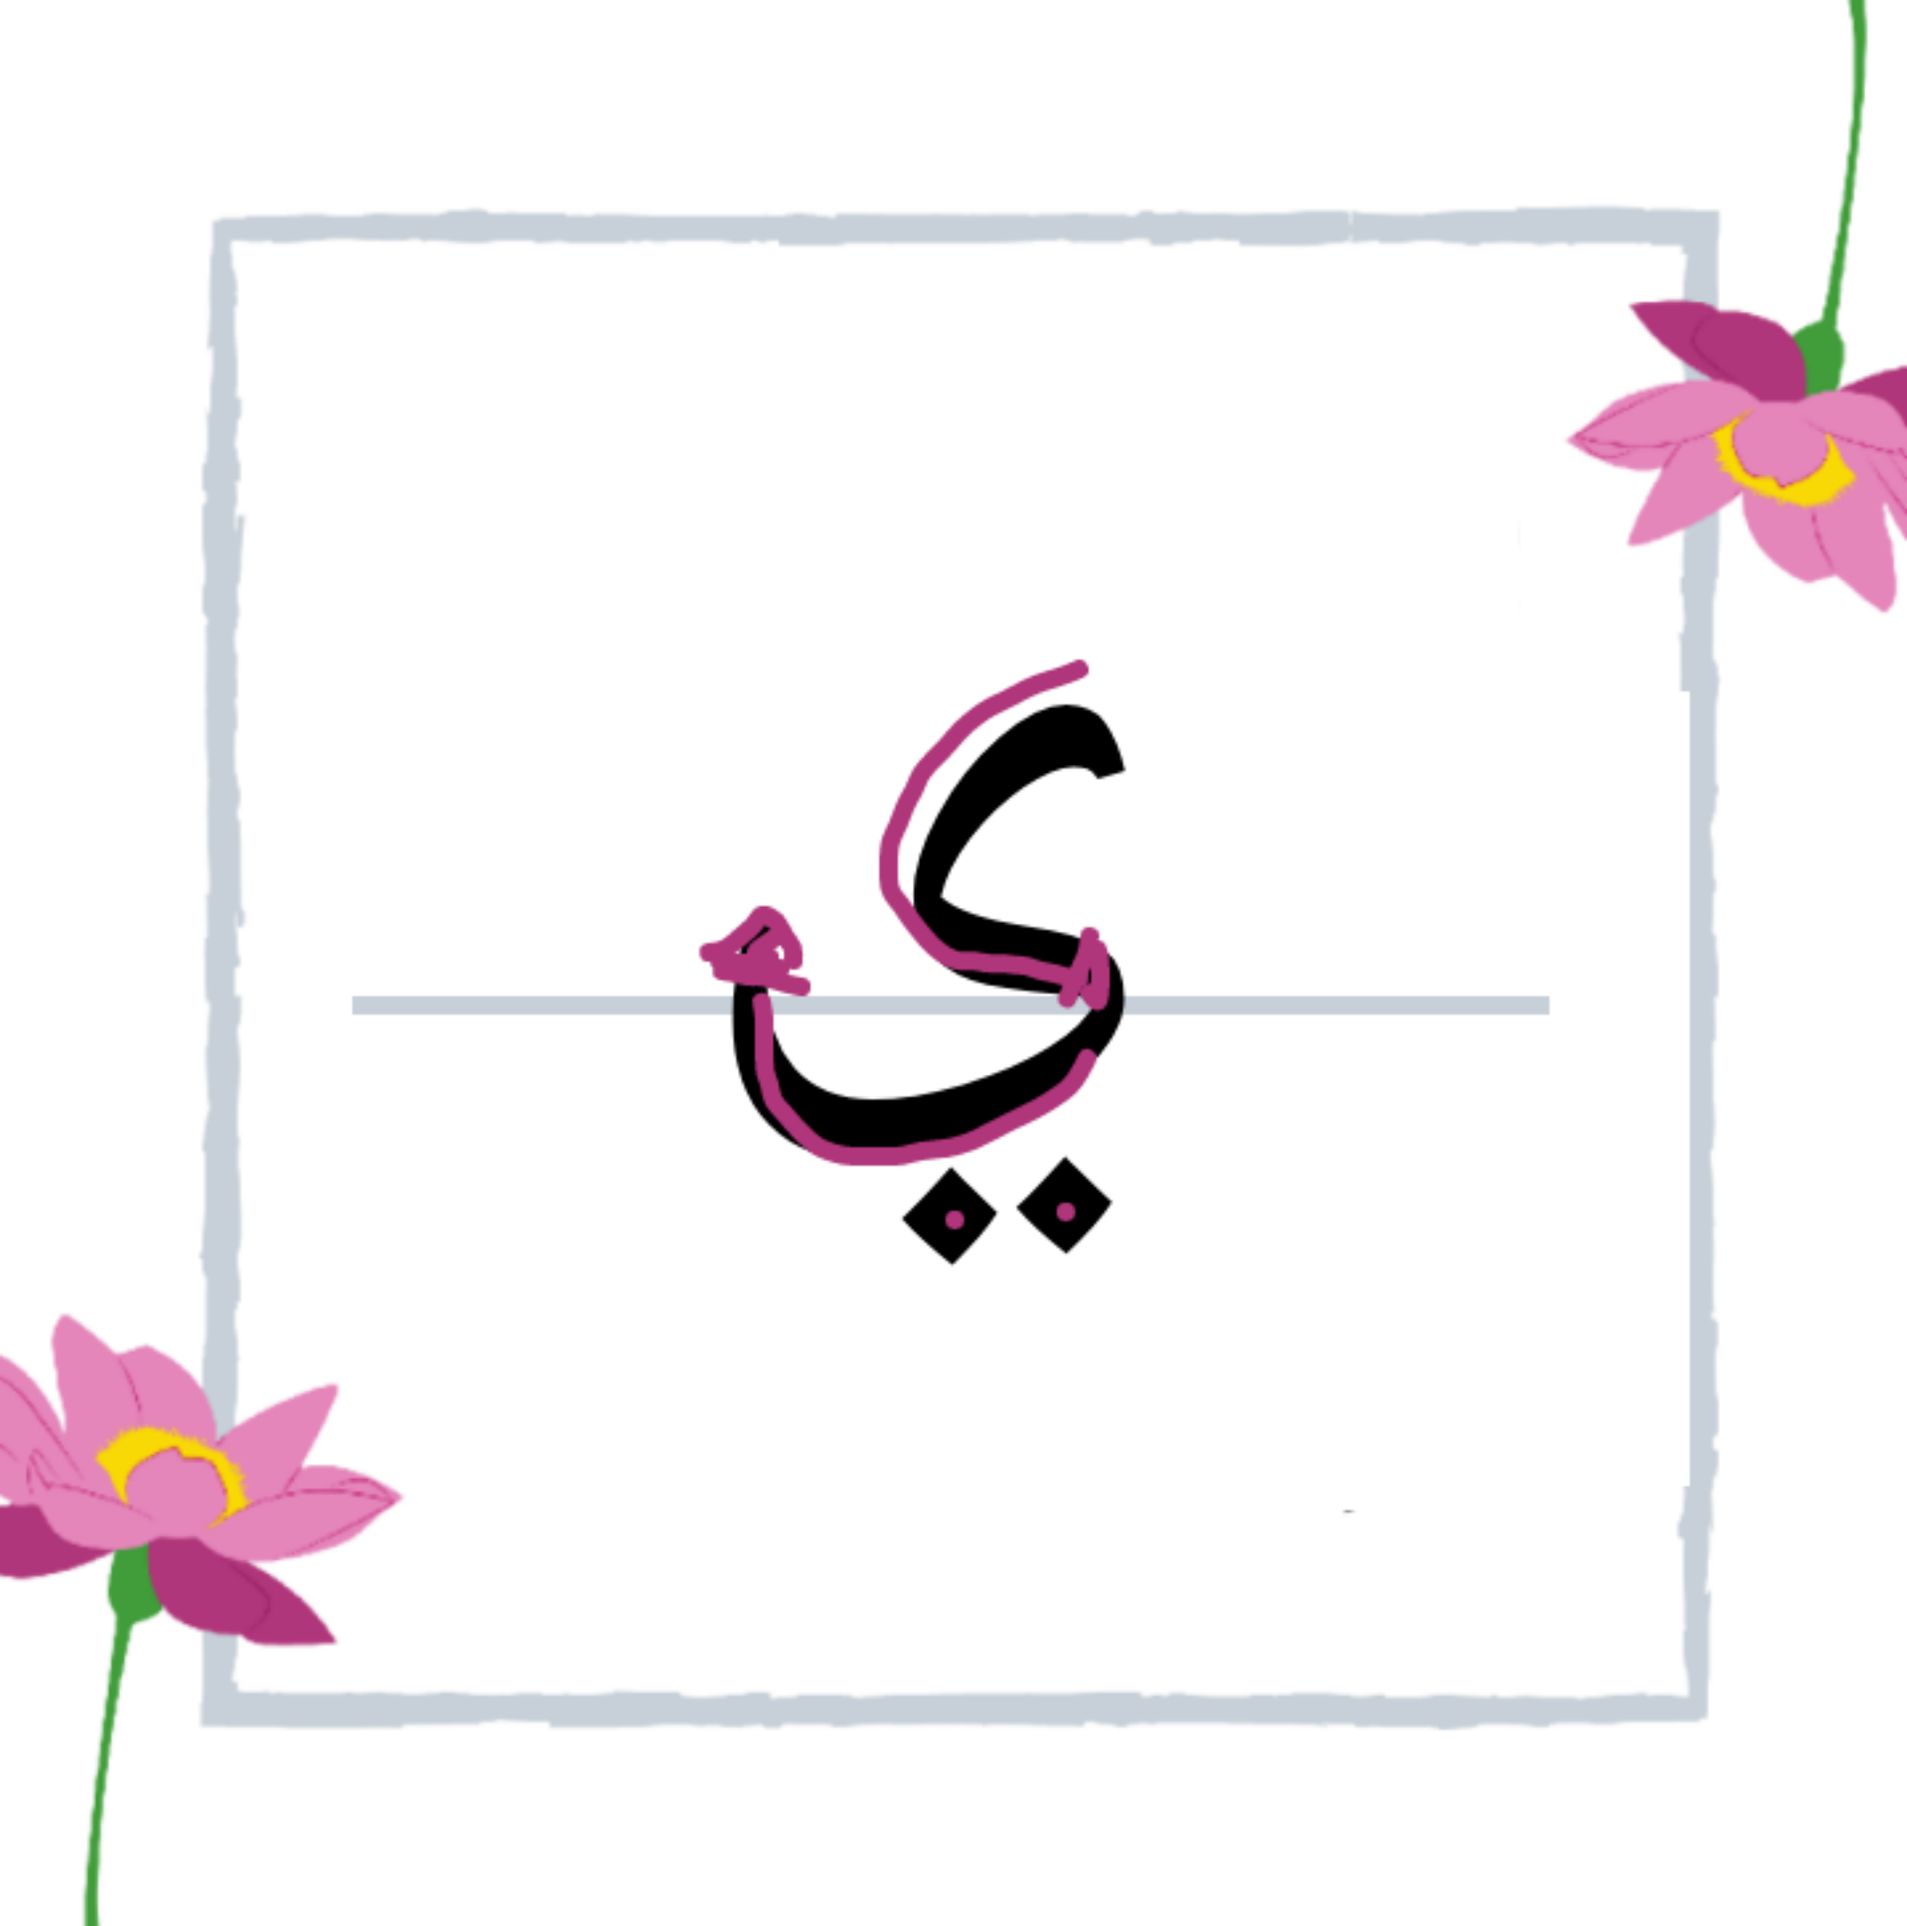
# Lesson 24

The 28th letter in the Arabic alphabet is the letter YAA. The equivalent of the sound of the letter is the letter Y like when we say 'Yet'.



ب

ي

# With short vowels:

يَ يِ يُ

# ي

| End | Middle | Beginning |
| --- | --- | --- |
| ـي | ـيـ | يـ |
| ي | يـ | |

*When the ي comes in the middle, if preceded by a letter that doesn't allow joining then it will be written like in the beginning, and if it's preceded by a letter that doesn't allow joining when at the end it will be in its original form.
